CYBERNEZA®

Cyberneza LLC is a cybersecurity governance, risk and compliance firm in Orlando, Florida. We help federal primes and Defense Industrial Base suppliers meet CMMC and NIST SP 800-171, RMF and Zero Trust requirements, delivered by senior practitioners and backed by an established partner network.

CORE COMPETENCIES

- **CMMC & NIST SP 800-171 Readiness:** Gap assessments, System Security Plans and evidence preparation that position Defense Industrial Base suppliers for CMMC Level 1 and Level 2.
- **Federal Security Architecture & Zero Trust:** Architecture and control implementation aligned to OMB M-22-09 and the CISA Zero Trust Maturity Model.
- **RMF, ATO & Continuous Monitoring:** Authorization packages (SSPs, POA&Ms) under NIST SP 800-53, FISMA support and FedRAMP-aligned baselines for federal cloud workloads.
- **Cross-Framework Compliance:** Mapping across NIST, SOC 2, ISO 27001 and HIPAA, plus AI governance (ISO 42001, NIST AI RMF).

DIFFERENTIATORS

- **Architecture-Led Delivery:** Security architecture experience driving control implementation, not checklist-driven compliance.
- **Federal and Commercial Expertise:** Command of federal and commercial frameworks, useful where programs straddle both.
- **Guidance-Grounded Zero Trust:** Sequencing based on federal guidance, not vendor marketing.
- **Established Partner Network:** Vetted partners cover CUI enclaves, managed endpoint detection and response, and compliance automation; independent audit firms and C3PAOs cover SOC 2, ISO 27001 and CMMC assessments.

FOUNDER'S EXPERIENCE

Cyberneza LLC was formed in 2025. Leadership experience: 29+ years across DoD, federal and enterprise environments.

- **DISA (via IBM, Adobe Systems Federal and Ingenium, 2005–2013):** Operations leadership for IBM e-Collab Center, the DoD's first SaaS provider; program management on the DoD's largest cloud SaaS program (800,000 global users); DIACAP, ATC and ATO deliverables.
- **Missile Defense Agency, GMD Program (via Moseley and Boeing, 2006–2007):** Onsite assessments and SSAAs/SSPs under DITSCAP and NISPOM.
- **F-35 Program (Lockheed Martin, 2017–2018):** NIST 800-53 RMF documentation (SSPs, assessment plans) for training devices; SCAP, ACAS and STIG validation.
- **U.S. Navy (via Boeing, St. Louis, 2013–2014):** IA gap analysis, penetration testing, STIG hardening and FISMA patching.
- **Battelle Memorial Institute (2000–2005):** ISSO on secure systems; NISPOM Chapter 8 processes and Defense Security Service assessment preparation; "Superior" inspection rating.
- **Enterprise (2018–present):** Senior security architecture in global financial services; 50,000+ endpoint utility migration.
- **U.S. Air Force, 1990–2000:** B-52 flight line electronic warfare and B-2 stealth bomber flight test, secure datalink and radar simulation.

COMPANY DATA

Legal Name	Cyberneza LLC
UEI	T97XZHE7C5D5
CAGE Code	1AVJ5
SAM Status	Active
Entity Type	Florida LLC (formed 2025)
Engagement	C2C · Subcontracting
Work Posture	Remote; travel as required
Delivery	U.S.-based; U.S. citizen leadership
Address	626 North Alafaya Trail, Suite 206, Orlando, FL 32828

CERTIFICATIONS & CREDENTIALS

- SBA-Certified Veteran-Owned Small Business (VOSB), effective July 13, 2026
- Cyber AB CMMC Registered Practitioner (RP, CPN 76768)
- CISSP, CRISC, CCSK v5, CCZT, CompTIA A+; SANS SEC530 Zero Trust
- B.S. Computer Information Systems (cum laude); A.S. Avionic Systems Technology
